### Table 1.

#### Federal poverty level thresholds by household size and number of children, 2017

Household size	Number of related children under age 18								
	0	1	2	3	4	5	6	7	
One person, under age 65	\$12,752								
Age 65 and over	\$11,756								
Two people, under age 65	\$16,414	16,895							
Age 65 and over	\$14,816	\$16,831							
Three people	\$19,173	\$19,730	\$19,749						
Four people	\$25,283	\$25,696	\$24,858	\$24,944					
Five people	\$30,490	\$30,933	\$29,986	\$29,253	\$28,805				
Six people	\$35,069	\$35,208	\$34,482	\$33,787	\$32,753	\$32,140			
Seven people	\$40,351	\$40,603	\$39,734	\$39,129	\$38,001	\$36,685	\$35,242		
Eight people	\$45,129	\$45,528	\$44,708	\$43,990	\$42,971	\$41,678	\$40,332	\$39,990	
Nine people or more	\$54,287	\$54,550	\$53,825	\$53,216	\$42,216	\$50,840	\$49,595	\$49,287	

Source: U.S. Census Bureau

- The U.S. Census Bureau calculates the federal poverty level (FPL) thresholds and estimates annually for the previous year, based on number of adults and number of related children under 18

- The FPL is based on the cash resources shared by related individuals in a household

#### Table 2.

#### **Comparison between the Official and Supplemental Poverty Measures**

	Official poverty measure	Supplemental poverty measure				
Measurement Units	Families and unrelated individuals	All related individuals who live at the same address and any co-resider unrelated children who are cared for by the family (such as foster children) and any co-habiters and their relatives				
Poverty Threshold	3 times the cost of a minimum food diet	Mean of the 30th and 36th percentile of expenditures on food, clothing, shelter, and utilities of consumer units with exactly 2 children, multiplied by 1.2				
Threshold Adjustments	Vary by family size, composition, and age of householder	Geographic adjustments for differences in housing costs by tenure and a 3-parameter equivalence scale for family size and composition				
Updating Thresholds	Consumer Price Index	5-year moving average of expenditures on food, clothing, shelter, and utilities				
Resource Measure	Gross pre-tax cash income	Sum of cash income; plus noncash benefits that families can use to meet their food, clothing, shelter, and utilities needs; plus tax credits; minus taxes, work expenses, out-of-pocket medical expenses, and chilo support paid to another household				

Source: U.S. Census Bureau

- The official measure does not account for differences in housing costs in different parts of the country

- The supplemental measure considers government assistance and necessary expenses to establish a more accurate amount of resources available

## Table 7.Liquid asset poverty rates, Ohio and the United States, 2006–2011

	2006	2009	2010	2011
Ohio	39.5%	43.6%	43.2%	44.7%
United States	41.4%	43.1%	43.9%	43.5%

Source: Corporation for Enterprise Development, Assets & Opportunity Scorecard; data was not collected every year

- Liquid assets are those which can be easily exchanged for cash (e.g., gold, savings accounts, government bonds)

- Four out of every ten Ohio households lack the liquid assets needed to stay out of poverty for three months

#### Table 8.

#### Poverty rates, Ohio and the United States, 2012-2017

	1	_				
	2012	2013	2014	2015	2016	2017
Ohio	16.3%	16.0%	15.8%	14.8%	14.6%	14.0%
United States	15.9%	15.8%	15.5%	14.7%	14.0%	13.4%

Source: U.S. Census Bureau, American Community Survey 1-year estimates

- Both Ohio and U.S. poverty rates have decreased since 2011; the gap between the Ohio and U.S. poverty rates is 0.6%

## Table 9.Change in poverty, Ohio, 2012-2017

	2012	2017	Change 2012 to 2017	% Change 2012 to 2017
Population for whom poverty status is determined	11,227,482	11,330,762	103,280	0.9%
Persons below the poverty level	1,824,628	1,582,931	-241,697	-13.2%

Source: U.S. Census Bureau, American Community Survey 1-year estimate

- Ohio's population is growing and fewer people (241,697) are in poverty in 2016 than were in poverty in 2011

Sources: (1) U.S. Census Bureau, Population Estimates; (2) U.S. Census Bureau, Small Area Income and Poverty Estimates (SAIPE); (3) U.S. Census Bureau, American Community Survey (ACS); (4) Equality of Opportunity Project; (5) Feeding America, Map the Meal Gap; (6) Ohio Department of Education; (7) Ohio Department of Job and Family Services, Public Assistance Monthly Statistics; (8) Ohio Department of Medicaid, Medicaid Expenditures and Eligibles Report; (9) U.S. Bureau of Labor Statistics, Local Area Unemployment Statistics; (10) Ohio Development Services Agency.

Notes: The first column identifies the source of the data by number. For (3), Ohio numbers and percentages represent 2016 ACS one-year estimates, whereas all county numbers and percentages represent 2012–2016 ACS five-year estimates. For county poverty rates by race, ethnicity, and family type, data are suppressed here if the denominator is less than 500 individuals, as indicated with the letter "N." For (4), probabilities are based on the current family income of a cohort of adults born between 1980 and 1982 whose family income 30 years ago was in the bottom quintile of the national income distribution at that time. State-level probability is derived by weighting county-level probabilities based on annual birth data from the U.S. Census Bureau. For (6) data include applications at traditional schools only.

benefits, 2017	0.0%	2.6%	11.9%	7.8%	15.4%
Percentage of population who are enroll	ed in				
Medicaid, 2017	22.0%	8.1%	24.2%	21.9%	33.4%
Percentage of population with no health	insurance, 2017 6.9%	4.0%	6.9%	5.7%	8.7%
Unemployment rate, 2017	4.9%	3.5%	6.2%	4.3%	4.2%
Percentage of households receiving HEA		2.0%	7.4%	6.8%	14.1%
Percentage of renters cost-burdened, 20		39.7%	43.3%	48.1%	45.2%
Percentage of owners cost-burdened, 20		19.4%	17.6%	18.6%	19.6%

Sources: (1) U.S. Census Bureau, Population Estimates; (2) U.S. Census Bureau, Small Area Income and Poverty Estimates (SAIPE); (3) U.S. Census Bureau, American Community Survey (ACS); (4) Equality of Opportunity Project; (5) Feeding America, Map the Meal Gap; (6) Ohio Department of Education; (7) Ohio Department of Job and Family Services, Public Assistance Monthly Statistics; (8) Ohio Department of Medicaid, Medicaid Expenditures and Eligibles Report; (9) U.S. Bureau of Labor Statistics, Local Area Unemployment Statistics; (10) Ohio Development Services Agency.

Notes: The first column identifies the source of the data by number. For (3), Ohio numbers and percentages represent 2016 ACS one-year estimates, whereas all county numbers and percentages represent 2012–2016 ACS five-year estimates. For county poverty rates by race, ethnicity, and family type, data are suppressed here if the denominator is less than 500 individuals, as indicated with the letter "N." For (4), probabilities are based on the current family income of a cohort of adults born between 1980 and 1982 whose family income 30 years ago was in the bottom quintile of the national income distribution at that time. State-level probability is derived by weighting county-level probabilities based on annual birth data from the U.S. Census Bureau. For (6) data include applications at traditional schools only.

Source: U.S. Census Bureau data 2000; U.S. Census Bureau American Community Survey, 2013-2017

Notes: The percent change is not the same figure represented in the map. The map shows the raw change in percentage of people below 200% of the Federal Poverty Level. For Wyandot, the raw change is 24.1% to 32.7%, or an 8.6% increase. Percent change shown in the table above represents the percent difference between two numbers and is calculated as: (2017 Data Minus 2010 Data)/2010 Data
